HICAPS TERMINAL COMMUNICATION PORTS

Below is a list of the current communication addresses and ports that the HICAPS Trinity terminal utilises. The terminal will not be able to function if your firewall is blocking the below entries.

These details are correct as of the 20 October 2023:

DNS	IP	PORT
au.gsc.verifone.cloud	103.90.140.130**	443
au.gsc.verifone.cloud	103.90.141.130**	443
vhq.vficonnect.com	103.90.140.56**	443
vhq.vficonnect.com	103.90.141.56**	443
http://time.verifone.cloud/v1/online	76.223.65.167	80
hicaps.health-prod.afterpay.com	Dynamic IP Address	443
http://www.google.com	Refer Google for IP ranges	any ports

Note: The terminal uses the DNS to obtain the IP addresses. HICAPS makes no guarantee that the information in this document will not change without notice.

Allowing ports to run through your firewall may result in damage to your computer, network, software and stored data. You acknowledge and agree that any use of the information contained in this document by you and any opening of ports on your system is solely at your risk and that HICAPS Pty Ltd is not responsible or liable for any loss or damage you suffer (including indirect or consequential loss) as a result of that. HICAPS makes no representations or warranties about the suitability, reliability, or accuracy of the information contained in this document.
